Subject : Synchronization of PP10 Units - Letter of Appreciation

Greetings,

Upon successful synchronization of sixteen (16) Units of Blocks A1& B1 on Crude, we take the opportunity to appreciate the efforts undertaken by BEMCO to produce power from these Units. SEC considers this a significant contribution of BEMCO to support the power network of the Central Region of SEC through the Units on testing during the summer peak.

We trust that BEMCO will continue with the same zeal and cooperation to complete the remaining work of PP10 as well for the mutual benefit of each other and for the larger benefit of the Kingdom.

Regards,

ENGR. ABDULAZIZ S. AL-MUAIJEL
